For those of you who are new to our organization, we are the voice of Aerospace Medicine Specialists within AsMA. AsMA really is an umbrella organization with several different aerospace medicine professionals and ASAMS is here to help provide the voice of clinical medicine to the Society. Our main efforts are along educational and professional certification. To that end, we sponsor several panels during the Assembly and work to ensure MOC credit is available. Additionally, we are working thru MOC part IV pathways, with a special emphasis on creating a CPG review/update process for our specialty.

Great work with our Board Review panels, Grand Rounds and our ethics review. Join us for the Ethics Panel at 1030 today, in Avalon 6 and join us for the RAM Bowl at 1600 in Avalon 1-12. Also join us for the ASAMS sponsored Residency Grand Rounds at 0800, 1030 and 1400 in Room Avalon 10-12.

As a reminder, you will get an email from AsMA after the meeting to capture your CME attendance and provide feedback. MOC credit requires answering questions – you received that with your registration package.
